

1 BILL NO. S-82-01-32

2 SPECIAL ORDINANCE NO. S-28-82

3 AN ORDINANCE approving Change Order No. 2
4 for 347-80, Poplar Ridge, Federal Grant No.
5 C-180599-09, in connection with the Board
6 of Public Works.

7 BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT
8 WAYNE, INDIANA:

9 SECTION 1. That Change Order No. 2, for 347-80, Poplar Ridge
10 Federal Grant No. C-180599-09 to Richard Ness Excavating & Truck-
11 ing Co., in connection with the Board of Public Works for:

12 a reduction in the contract price due
13 to contract specifications that required
14 the Contractor to pay for each and every
15 sewer tap permit fee for which he installed
16 a building sewer. However, since this fee
17 has been determined not to be federally
18 eligible and the prepayment of such does
19 eliminate our only system for monitoring
20 those properties which become connected
21 to our sanitary sewer system for sewage
22 billing, it is in our best interest to
23 have this fee paid for by the individual
24 property owners. We are thereby able to
25 inspect the connection and notify the
26 billing department to commence it's
27 sewage billing for the property,

28 in the amount of \$1,785.00 to be deducted from the contract price
29 as set out in the specifications which are on file in the Office
30 of the Board of Public Works and are by reference incorporated
31 herein and made a part hereof, be and the same is in all things
32 ratified, confirmed and approved.

SECTION 2. That this Ordinance shall be in full force and
effect from and after its passage and approval by the Mayor.

REQUEST AND JUSTIFICATION FOR CHANGE

1. Necessity for change: Upon re-evaluation of including the City of Fort Wayne tap permits in the contract prices, it has created a logistics problem within the internal interactions of City Departments. In pursuing the handling of these permits, it becomes a cumbersome item. By eliminating the tap permit under the contract and taking care of it at the time of each connection, it will clear up many duplications of departmental requirements and creates a better monitoring process. Thus, insuring a smaller possibility of a tap being connected without an inspection.

2. Will proposed change alter size of the project? Yes No X
If yes, explain

3. Affect on operation and maintenance cost of this project:

DEPARTMENT REQUESTING ORDINANCE

SYNOPSIS OF ORDINANCE

Change Order #2, Poplar Ridge, Sewer Resolution 347-80,

Federal Grant C-180599-09, Richard-Ness Excavating & Trucking Co., Inc. - Contractor.

The contract specifications required the Contractor to pay for each and every sewer tap permit fee (\$35.00) for which he installed a building sewer. However, since this fee has been determined not to be federally eligible and the prepayment of such does eliminate our only system for monitoring those properties which become connected to our sanitary sewer system for sewage billing, it is in our best interest to have this fee paid for by the individual property owners. We are thereby able to inspect the connection and notify the billing department to commence it's sewage billing for the property.
